

GOUT RELIEF FORMULA

Gout Relief Formula is our answer to pain caused by gout. Gout Relief Formula is a unique blend of gout-fighting ingredients that target all aspects—from limiting uric acid production, to get ridding of uric acid already in the body, to providing pain relief and preventing an attack.

Gout is an inflammatory type of arthritis caused by uric acid crystals. A naturally occurring compound, uric acid is produced in the body and is also present in foods such as animal protein, alcoholic beverages and sweetened drinks.

Typically, your body is capable of dissolving uric acid in the blood and passing it out through urine. However, overproduction or very little excretion may result in over-accumulation of uric acid in the blood, also known as hyperuricemia. Gout occurs when uric acids accumulate into urate crystals in your joints. These needle-like crystals cause inflammation which causes excruciating pain and related symptoms.

Main Functions:

- Helps lower uric acid levels
- Reduces symptoms during a flare-up of gout
- Helps relieve joint pain, stiffness and inflammation around joints
- A potent combination of 4 natural ingredients that prevent gout from reoccurring
- Celery seed contains natural phytochemicals that help to provide pain relief. Celery seed is used mostly as a diuretic, meaning it helps your body get rid of water by increasing urine output.
- Research shows that vitamin C intake is strongly associated with a lowered risk of gout as it helps reduce levels of uric acid in the blood.

Each Capsule Contains:

Celery(*Apium graveolens* var. *dulce*, Seed) ... 100mg
(4:1 QCE: 400mg)
Turmeric(*Curcuma longa*, Rhizome) ... 250mg
Nettle(*Urtica dioica*, Herb top) ... 80mg
Vitamin C ... 50mg

120 capsules per bottle

Recommended Dose:

Take 2 capsules, 2 times daily.
or as directed by a health care practitioner.
